CLIENT NAME: \_\_\_\_\_  
SSN: \_\_\_\_\_

DOB: \_\_\_\_\_

I hereby acknowledge that I have received & have been given an opportunity to review the document entitled Notice of Privacy Practices as provided by Mindful Milestones, llc. I understand that if I have any questions regarding the Notice or my privacy rights, I can contact **Secretary of Health and Human Services at 200 Independence Avenue, S.W. Washington, D.C. 20201** or by calling **(202) 619-0257**.

Furthermore, I do hereby acknowledge that if I elect to work with Ms. Brianna Schiavoni remotely (i.e. via phone, video session, email &/or text messaging), I am assuming full responsibility for any breach in confidentiality. I have been given information by Ms. Schiavoni regarding the various venues available for respective communication, alongside information to determine the respective degrees of privacy ensured by each venue:

- CounSol (<https://msbrianna.securepatientarea.com/portal/>) is the only venue whereby I am ensured full security & privacy through email (messaging) & text (online chat):

HIPAA Compliance: a Message from CounSol

Our state of the art service was designed to protect the privacy of all counselors and clients. We have taken steps beyond just the basic required components for HIPAA compliance. Our servers are housed in a Tier-IV data center with SSAE16, HITRUST, ISO 27001 & PCI 2.0 compliance. PCI (Payment Card Industry) standards are applied to our internal systems and software. All traffic is required to use SSL (Secure Socket Layer) with 256-bit encryption. All users have a unique login, and all user activity is recorded and stored. No sensitive information is ever sent via email, and data is backed up hourly again with 256-bit encryption. Our number one priority is making sure your information is safe and secure.

- Zoom is the only venue whereby I am ensured full security & privacy during video &/or audio sessions with Ms. Brianna Schiavoni:

HIPAA Compliance: a Message from Zoom

We offer consistent high-quality video, even in low-bandwidth environments. We achieve HIPAA (signed BAA) compliance & security and PIPEDA/PHIPA compliance with complete end-to-end 256 bit AES encryption.

- FaceTime & Standard Text Messaging via Ms. Brianna's personal cell number is not a secure platform for information exchange; nor is privacy guaranteed when information is transmitted to & from the business email account (i.e. [mindful.milestones@gmail.com](mailto:mindful.milestones@gmail.com)).
